Sir:

This is in response to the Office Action for the above-identified application that was mailed by the USPTO on January 2, 2004. The Office Action set forth a restriction requirement for the application. A petition for an extension of time and a check for the required fee are enclosed to extend the time for response to July 2, 2004.

In response to the restriction requirement set forth in the Office Action, Applicants elect examination of Group I, claims 1-39, 64, and 66-85, drawn to mutant allergens and compositions thereof, without traverse. As required by the Examiner, Applicants further elect the species set forth in SEQ ID NO: 219, as set forth in the amended Sequence Listing submitted herewith, for prosecution on the merits if no generic claim is finally held to be allowable. Claims 1, 2, 4-14, 16, 18, 25, 26, 28, 35, 37-39, 64, 68-80, and 83-85 read on the elected species.

The present elections of the Group I claims and the species set forth in SEQ ID NO: 219 are made without prejudice or disclaimer. Applicants reserve the right to pursue all non-elected subject matter in more or more divisional applications.

The application is believed to be in condition for allowance. A prompt and favorable action the merits of the application is earnestly solicited.

Respectfully submitted,
